Thriftway Enlarging, Remodeling

The Thriftway Super Market in Pahokee on Rardin Avenue is being enlarged and completely redecorated and remodeled, according to Owner George Crews who opened the popular food establishment five years ago this coming October. Work is underway this week on a 40 x 70 foot addition on the south side of the store which will give the store 2800 square feet more of merchandising area, Mr. Crews said.

Mr. Crews said that the enlargement is necessary because of the need for a broader line of merchandise and greatly enlarged meat department. The store has enjoyed a splendid patronage since its opening nearly five years ago. Mr. Crews hopes for even increased patronage following completion of the remodeling.

To protect patrons from the elements a broad 8½ foot overhang will be built across the front of the store so that customers may load their purchases in a protected area. Automatic doors and an improved check out system will be part of the remodeling, Mr. Crews stated. The entire interior of the store will be redecorated, he said.

To take care of present customers and new ones anticipated the parking area south of the store is being enlarged.

With formation of Pahokee Ambulance Service, Inc., a non-profit corporation and its plans to contract with C. R. Wetherington for needed ambulance service in the Pahokee-Canal Point area, it seems that the ambulance problem is being solved temporarily, at least. The board of directors of the non-profit corporation will be made up of representatives of the various civic clubs in the communities.

Everglades Memorial Hospital in a last minute effort to see that some sort of ambulance service is available, starting on Monday of next week when the funeral homes cease their service, has made a splendid advance and will be in a position to spend \$1,000 monthly from their annual budget for the service. The Hospital will contract with the non-profit corporation and that concern will deal directly with Mr. Wetherington.

At a meeting on Monday night when the plan was thoroughly discussed by the hospital board, Mr. Wetherington who is chairman of the hospital board, vacated the chairman's chair and did not take part in the discussion. Julius Moon, vice chairman, took over and conducted the meeting.

A law passed by the 1965 legislature made it impossible for the funeral homes in the Glades to continue their ambulance service and they notified the public early in July that ambulance service would be discontinued on August 1.

Miami Entertains 1,400, Tourists

TALLAHASSEE, (FNS) Miami played host to 1,406,006 automobile tourists last year and 853,000 who came by plane, according to the 1965 Tourist Study conducted by the Florida Development Commission.

Daytona Beach got 665,000 motor-touring vacationers and St. Petersburg 655,961. Air-minded visitors, however, favored the Fort Lauderdale-Hollywood area next to Miami and then the Tampa-St. Petersburg area.

Other favorite spots for persons touring by car included Panama City, Fort Lauderdale, Miami Beach, Tampa and Orlando.

The survey showed also that a surprising number of visitors stay with friends and relatives rather than in commercial lodging places. Most tourists came from the state of Ohio, while New York states were second in number.

Flood Dist. Reduces Its Taxes

The 18-county Central and Southern Florida Flood Control District approved an 18 per cent tax cut Tuesday.

The district's governing board voted unanimously to reduce its tax rate from .45 mills to .37 mills, the lowest ever levied by the FCD.

The new tax amounts to 37 cents on each \$1,000 of non-exempt property in the district stretching from Volusia to Dade County. For the average homeowner, this will mean a savings of about 75 cents on his 1967 tax bill.

A decrease in the FCD's 1966-67 operating budget coupled with the state Supreme Court's order forcing all property assessments to 100 per cent of value made the tax cut possible.

The district's budget anticipates \$4.4 million in taxes from 18 counties next year, a drop of

\$100,000 from this year.

The tax burden will be evenly divided among the counties for the first time next year under the new uniform 100 per cent valuations. Previously counties, such as Dade, assessing at full value shouldered what they called an unfair burden because counties with lower assessments paid the same tax rate.

Ed Dail, executive director of the FCD, said the district is guessing that the .37 mill tax rate will be adequate. Many counties in the district have not yet certified their tax rolls.

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front line of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

Why should you buy
 U. S. Savings Bonds when there are
 so many other good investments?

To help your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money: either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS
